

Mohamed Ahmed Helika

Production & Mechanical Design Engineer

Port Said, Egypt | +20 12777317411 | mitoroma50@gmail.com

Professional Summary

Motivated Production and Mechanical Design Engineering graduate with practical training at Petrobel and the Mechanical & Electrical Authority. Proficient in SolidWorks, ANSYS, Fusion 360, and nTopology, with a strong interest in mechanical design, CAD modelling, and product development. Eager to contribute technical skills and continuously grow in a professional engineering environment.

Education

Port Said University

Bachelor of Engineering in Production & Mechanical Design Engineering

Expected Graduation: 2026 | Grade: Good

Graduation Project

Topology Optimization of a Universal Joint using nTopology.

Training

- Petrobel
- Mechanical & Electrical Authority

Technical Skills

- SolidWorks
- ANSYS
- Fusion 360
- nTopology
- Microsoft Office

Languages

Arabic: Native

English: Good Working Proficiency
